

GUIDELINES FOR APPLICANTS (October 2017)
to *The Double-Degree Master's Program*
In Computational Science
at the Graduate School of Natural Science and Technology
Kanazawa University
JAPAN

Based on the agreement with Universitas Gadjah Mada, Republic of Indonesia, a Special Selection for the Double-Degree Master's Program will be performed.

I. Departmental Division

Applicants will be accepted into Computational Science Course (*) in the Division of Mathematical and Physical Sciences.

(*) See Appendix.

II. Enrollment

In general, 10 students will be accepted.

III. Qualification

Applicants applying to the Double-Degree Master's Program of Kanazawa University must satisfy the following requirements:

(1) Have completed 16 years of qualified education, or will have done so by September 30, 2017.

AND

(2) Will have enrolled in the Master's Program in Physics at the Faculty of Mathematics and Natural Sciences, Universitas Gadjah Mada by October 1, 2017.

IV. Application Procedure

1. Documents

(1) Application form and Annex, both with Photographs (*)

Documents must be written in English. Use the format supplied. Five identical passport style color photographs (3x4 cm, recently taken, full face, and printed with the applicant's name on the back) should be submitted. Three photographs should be pasted on the specified places of the application form and Annex. An envelope including two photographs should be clipped to CHECKLIST.

(2) Official Undergraduate Transcripts (*)

A certified English translation of academic transcripts.

(3) Certificate of Graduation (*)

A certified English translation of the University Diploma or a certified letter written in English stating the expectation of graduation. The latter is not needed, if the transcripts include the statement of graduation.

(4) Certificate of Enrollment (*)

A certified letter written in English from Universitas Gadjah Mada stating that the applicant will have enrolled in the Master's Program in Physics at the Faculty of Mathematics and Natural Sciences by October 1, 2017 and indicating the expected graduation date.

(5) Certificate of Health (*)

Use the format supplied. Contents will not impact selection.

(*) Photocopies of the original documents will not be accepted.

2. Application Period and Location

Application Period: **July 24 – July 28, 2017**
Location: **Physics Department Meeting Room at Universitas Gadjah Mada**

3. Examination

Selection will be based on the results of an oral examination (#), the matching between the applicant and his/her prospective supervisor(s) (##), and the academic transcripts.

Oral examination: **09:00 (UTC+7) – on August 25, 2017**
Location: **Room 221, Graduate Building of Faculty of Mathematics and Natural Sciences at Universitas Gadjah Mada**

(#) The oral examination may be performed using a telecommunication system. The oral examination will be performed in English.

(##) Before the oral examination (or before the application period, if possible), the applicant should contact the prospective academic supervisor(s) through e-mail, Skype, etc.

4. Announcement of Results

Date: **September 1, 2017**
Location: **Physics Department Meeting Room at Universitas Gadjah Mada**

V. Notes

- (1) Studentship is based upon the agreement between Universitas Gadjah Mada and Kanazawa University.
- (2) Applications will not be accepted if any of the documents are incomplete, incorrect, or not supported by evidence, or if they are not received by the specified deadline. Once submitted, documents cannot be modified and will not be returned.
- (3) If any information of the documents is later found to be false, admission can be canceled at any time after enrollment.
- (4) Personal information submitted here will only be used for the admission process and the Double-Degree Master's Program.
- (5) Applicants are expected to learn and understand the geography, climate, customs and traditions of Japan as well as the rules of Kanazawa University. Also, although the thesis work can be carried out in English, it is recommended to get accustomed to the Japanese language for the essentials of daily life.

VI. Information

For further information, please contact the below via e-mail, or airmail:

Admission Affairs Section
Science and Engineering Administration Department
Kanazawa University
Kakuma-machi, Kanazawa 920-1192, Japan

E-mail: s-nyusi@adm.kanazawa-u.ac.jp (please include "[DDP]" in the subject header)

Appendix

Staff and Fields of Computational Science Course in the Division of Mathematical and Physical Sciences

Chairman: Professor Masato KIMURA (e-mail: mkimura@se.kanazawa-u.ac.jp)

Staff of Computational Mathematics

Associate Professor Kenichi KAWAGOE

Topology of knots, links and surfaces, representations of the braid groups and the quantum groups, and numerical calculations of quantum invariants.

Professor Masato KIMURA

Our research fields are numerical simulation and mathematical analysis of partial differential equations related to mathematical modeling of several phenomena, such as moving boundary problems, pattern dynamics, elasticity and fracture mechanics, particle simulation of fluid.

Professor Seiro OMATA, Assistant Professor Norbert POZAR

Our research concerns theoretical examination of partial differential equations describing superconductivity, motion of droplets, collision of objects, fracture mechanics, tsunami, crystal growth and other physical phenomena. We develop and teach techniques for modeling and simulation of various phenomena related to nature, biology and society. We also provide guidance and research on mathematical finance.

Associate Professor Osamu OGURISU

Our research concerns mathematical phenomena on (discrete) quantum mechanical models (including infinite graphs) using functional analysis and operator theoretical methods.

Associate Professor Katsuyoshi OHARA

We study and develop computer algebra systems related to special functions. Our research contains theory of Groebner bases for non-commutative rings, hypergeometric functions with multivariables, systems of holonomic differential equations and symbolic computations. We also use numerical computations for ordinary differential equations.

Professor Manabu OURA

My research field is algebraic combinatorics. Keywords should be association scheme, coding theory, invariant theory, modular form.

Associate Professor Hirofumi NOTSU

My research interests are in the area of numerical analysis of partial differential equations arising especially in fluid dynamics. I am working on development and analysis of finite element schemes and their application to practical problems, which are important in scientific computing.

Staff of Computational Experimentation

Professor Mineo SAITO, Associate Professor Fumiyuki ISHII

New materials are designed by using parallel computers and supercomputers. We develop methods for simulation based on solid-state physics and study electronic structures of metals, semiconductors, carbon nanomaterials, and magnets. We also study molecules and clusters including interstellar ones.

Professor Tatsuki ODA, Assistant Professor Masao OBATA

Computational research in solid state physics (bulk properties, surface properties, and nanostructure properties), development of first-principles molecular dynamics, and basic research for spintronics applications in computational science (Rashba effect, electric field control of magnetic anisotropy, etc.).

Professor Masahide SATO

By carrying out computational simulations and stability analysis, we study morphology of crystals, instabilities of steps on crystals, step bunching and step wandering.

Professor Hidemi NAGAO, Assistant Professor Kazutomo KAWAGUCHI

Simulation of quantum computers. Structure and dynamics of the biological system (protein, lipid bilayer) by molecular dynamic simulations. Development of the coarse grained model of soft matter (polymer, membrane) for multi-scale simulation.

Professor Shinichi MIURA

Microscopic properties of condensed matter systems ranging from superfluids to hydrated proteins are studied with extensive use of statistical mechanics, quantum mechanics and advanced molecular simulation techniques.

Please attach this checklist on top of your application documents

CHECKLIST
for Double-Degree Program Application Documents
KANAZAWA UNIVERSITY

Application Period: July 24 – July 28, 2017

Name in English: _____

Please mark ✓ in the following boxes of the items you enclosed.

All documents must be written in English. Photocopies will not be accepted.

- Application Form (*)** **with photograph pasted on the specified place (#)**
- Annex (*)** **with 2 photographs pasted on the specified places (#)**
- 2 photographs in an envelope clipped to this CHECKLIST (#)**
- Official Undergraduate Transcripts** **in English**
- Certificate of Graduation** (**included in the above Transcripts**) **in English**
- Certificate of Enrollment**
- Certificate of Health (*)**

For items marked with (*), use the designated forms. For forms and certificates without the (*) symbol, prepare them yourself.

(#) Five identical passport style color photographs (3x4 cm, recently taken, full face, and printed with your name on the back) should be submitted. Three photographs should be pasted on the specified places of the application form and Annex. An envelope including two photographs should be clipped to this CHECKLIST.

MISSING DOCUMENTS: Are there any missing documents? Yes No

If yes, please list the item(s) and your reason for not including the missing document(s).

Missing document and explanation: _____

Expected date of sending the above documents to Kanazawa University: (Y/M/D) _____

金沢大学大学院自然科学研究科
(博士前期課程) 入学願書

受験番号

(Do not fill in.)

Application Category (受験区分):

Special Selection (Double-Degree Master's Program) (特別選抜(二重学位制度))

Division to which you are applying (志望専攻): **Computational Science Course in the Division of Mathematical and Physical Sciences** (数物科学専攻計算科学コース)

Intended Field of study at Kanazawa University (金沢大学での希望研究分野):

Name of Prospective Academic Supervisor at Kanazawa University (金沢大学での指導教員名):

Prospective Study Period at Kanazawa University (金沢大学での在学期間):

From (Y/M) : _____ **To (Y/M) :** _____

Home Institution (所属大学院):

Master's Program in Physics at the Faculty of Mathematics and Natural Sciences, Universitas Gadjah Mada

(ガジャマダ大学自然科学研究科物理学専攻(修士課程))

Expected Graduation Date at Your Home Institution (所属大学院の修了予定日):

(Y/M/D) _____

Name in English (氏名): (Indicate your full legal name as it appears in your passport.)

Male (男)

Female (女)

Name in Katakana (if possible) (カタカナ): _____

Date of Birth (生年月日): (Y/M/D) _____

Marital Status (結婚歴): Single Married Name of Spouse (配偶者氏名): _____

Present Address (現住所):

Phone: _____ E-mail: _____

Country of Present Citizenship (国籍): _____

Information for Certificate of Eligibility (在留資格認定証明書申請用):

Passport Number (パスポート番号): _____ in process (申請中)

Past entry into/stay in Japan (来日歴): Yes No

Criminal record in Japan or overseas (刑罰歴): Yes No

Family in Japan (在日親族): Yes No

Location of Japanese embassy/consulate to apply for visa (ビザ申請予定地): _____

Educational Background (学歴): (List all schools attended in chronological order.)

Name of institution (学校名、小学校から) (Elementary, Secondary, and Post-Secondary)	Location (所在国) (Country)	Period (期間) (yy/mm — yy/mm)	Years Attended (年数)
(1) _____	_____	_____	_____ <u>years</u>
(2) _____	_____	_____	_____ <u>years</u>
(3) _____	_____	_____	_____ <u>years</u>
(4) _____	_____	_____	_____ <u>years</u>
(5) _____	_____	_____	_____ <u>years</u>
(6) _____	_____	_____	_____ <u>years</u>
(7) _____	_____	_____	_____ <u>years</u>
Total years of education _____			_____ <u>years</u>

Highest diploma/degree awarded (学位): _____

Japanese Language Study(*) (日本語学習歴): None

Period of Study (yy/mm/dd)	Name of Institution	Textbook Names
_____/_____/_____ ~ ____/____/_____	_____	_____
_____/_____/_____ ~ ____/____/_____	_____	_____
_____/_____/_____ ~ ____/____/_____	_____	_____

_____ / _____ / _____ ~ _____ / _____ / _____

Japanese Proficiency (*) (日本語能力): (Please give your own assessment of your Japanese proficiency.)

Speaking: Excellent Good Fair Poor None

Listening: Excellent Good Fair Poor None

Reading: Excellent Good Fair Poor None

Writing: Excellent Good Fair Poor None

English Proficiency (*) (英語能力): (for non-native English speaking applicants only.)

Speaking: Excellent Good Fair Poor None

Listening: Excellent Good Fair Poor None

Reading: Excellent Good Fair Poor None

Writing: Excellent Good Fair Poor None
